“Update Your Life...”

Prayer Requests:

- Praise God for the amazing turnout at Congreso. Around 300 students attended. God drew people to himself and built up those who already were believers.
- Pray for the Summer Projects coming down. Eddy and Cristina will be here working with them. Pray that the framework we are laying down for them will be used by God in great ways!
- Pray specifically that there would be 5-10 believers raised up on each campus that the Summer Project works on.
- Pray that there would be no problem with the CD production and that God will use it to impact many lives.

1) Update Your Life is the theme of our latest project. It is the title of a CD that we, along with others here in Mexico, the states, and even Spain, have created as a resource for people to hand out after sharing the gospel with a student. We had never been involved in a CD development project like this before so there was big learning curve. We are confident that God will use this CD in people's lives.

The CD contains evangelistic videos, articles (ranging from “Is There a God” to “How to Manage Stress,”) computer programs, some links and games as well as another gospel presentation. Due to the content the CD will reach many more people than we could reach alone. There are 25,000 copies being made so please be praying as they get distributed throughout the country.

Another amazing aspect of this CD is the fact that it is getting sent to Spain and other countries in Latin America. So this is really a project with international scope.

This is what the CD will look like.

2) We are personally updating our lives this summer by attending our final international training. It is called X-Track (or AIT, Advanced International Training.) After we finish the training this summer we will then be released on a 3 year basis to work in Mexico. Until now we have been approved on a year to year basis. We are excited about this opportunity to be trained and developed for international ministry and that our assignment to Mexico will be for three more years.

We hope to see many of you as we pass by our homes before the training.
