### Projecting Hope with MTU!

#### Prayer Requests:

- Praise God for the Bible Study that has started on Madero and for the new contacts we have on the Idiomas campus.
- Pray for the work being done on the UDLA campus. There are lots of barriers but at the same time God is opening doors.
- Praise God for the two Spring Break groups. They are such a boost of energy and manpower! Pray for the new believers and for us as we do follow-up.
- Our national student Congreso is coming up. Pray that many students would go and that they would meet with God there and get a vision for their campuses!

We had a great Spring Break group from Michigan Technological University come down. There were many activities that they did while they were here, including: ministry on campus, sharing their faith in one-on-one conversations, seeing students come to Christ, and then following them up. They had a Pizza Party outreach where 85 students heard a clear presentation of the Gospel. On top of all that, they had a lot of fun!

The most impacting part for us, and for many of the Spring Breakers, was when we got to project the Jesus Film in a poor area on the outskirts of Puebla. It was an amazing experience. We had two different showings on one night. In total around 225 people showed up to watch the film. They saw what Jesus did for them, heard two testimonies of what Jesus can do in a life, and then heard a clear invitation to give their lives to Christ. We had 50 people respond! Even more exciting is the long term work we were involved in starting. We worked with a small mission of about 10 people. Santiago, the pastor, had prayed for laborers to help start the church. Two days later

DeAnn and her new friend, Josephina. Many children who heard the Good News!

A cool part was the role Isaac played. He stood before 185 people and shared his testimony...a big step of faith for him!

he ran into us! He recently told us that they are now moving into a bigger building because the house they were meeting in is now not big enough!
